Growth Objective

Inspire Trust

Investment Overview

The Inspire Trust Company Growth Objective is a diversified strategy that seeks capital appreciation through the use of proprietary Common Trust Funds (CTFs). The equity component invests in domestic and international securities across all market capitalization issues. The fixed income component primarily targets high quality, intermediate-maturity corporate, U.S. Treasury, and Agency securities.

The Growth Objective approximates an 85% Equities, 15% Fixed Income allocation.

Returns shown are Gross of Fees. Gross of Fee Returns includes the deduction of transaction costs but does not include the deduction of management fees and other expenses that may be incurred in managing an investment account. A portfolio's return will be reduced by management fees and other fees. The impact of management fees can be material. The actual fee rates are stated in Inspire Trust Company's fee schedules and CTF Plan Documents.

A **Value Added Monthly Index (VAMI)** charts the monthly performance of a hypothetical $1,000 investment over a period of time.

Common Trust Funds - When Inspire Trust serves as trustee, conservator, or guardian, it manages investments through common trust funds (CTFs) that have particular investment objectives. **<u>None of these CTFs are available for investment by the public</u>.**
